

Owner Operator Fuel Surcharge

Rate adjustments for fuel increases will be made weekly.

Rate adjustments will take effect on Saturday of each week, based on previous Monday's (same week) fuel prices reported by the Energy Information Administration of the Department of Energy. The adjustments will be made using the U.S. National Average Fuel Index.

The Weekly Fuel Index can be checked at 5:00 PM Monday (Eastern Time), except on government holidays, when the data is released on Tuesday (still represents Monday's price.)

You may also call the Energy Information Hotline for the weekly index
Phone 202-586-6966

INDEX Effective January 16, 2006

<i>Parameter</i>	<i>Surcharge Rate</i>
1.25 - 1.309	+ .01
